

HB 372: Pastor, Church & School Protection Act:

Since the 2015 *Obergefell* same-sex marriage decision, activists and organizations have attempted to force others to participate in religious wedding ceremonies in violation of their consciences.

This bill would initiate a “*Live and Let Live*” philosophy so that same-sex couples can do what the U.S. Supreme Court has authorized . . . but it would also allow pastors, churches, religious schools and religious organizations to do what their God requires regarding matters of marriage and sexuality. State government would be saying that it *will not* discriminate – it *will not* attempt in any way to force a pastor, church, religious school or religious organization to violate their deeply-held religious beliefs about marriage.

America has always honored an individual’s conscience, *even in times of war!* (Conscientious objection) Why should a pastor, church, religious school or religious organization have to change what it believes, what it teaches and what it practices because government has changed its views.

HB 372 allows the faith community to have its understanding and practice of marriage and the LGBT community to have its. This has always been how America operates – live side-by-side and give one another space. That is *TRUE* tolerance!

Some forces in Frankfort are trying to weaken the bill from the way it was originally filed. That just makes more believers vulnerable.

YOU, literally, can make the difference! “*Take courage!*”

Call the toll-free Legislative Message Line **(800) 372-7181** and leave this message w/ receptionist for your Reps. and Sens. Also ask that your message be “copied to House and Senate Leadership.”

“*Pass* HB 372: Pastor, Church and Religious School Protection Act as originally filed – no changes.”

*The Message Line is open 7AM to 9 PM EST Mon-Thurs; 6 PM Fri.
