

A *H-U-G-E* expansion of gambling is being pushed and they're trying to get around the need for the Constitutional Amendment that is required. They even brought a gambling attorney from Florida to explain OUR Kentucky Constitution and "How it doesn't need to be amended to expand gambling." Sadly, they'll say and do anything . . .

Frankly, they don't have the votes for an amendment (60%) — that's why they say they don't need one. But, they could actually get their way if legislators who are confused by their cunning don't step up and demand a constitutional amendment.

That's where *YOU* come in! They passed House Bill 137 through Committee Jan. 15. Their plan is to quickly pass it thru the House *NEXT WEEK* (beginning Tues, Jan. 21). *YOU, me and our friends* are the only ones standing in their way. *PLEASE* make a polite call using the Legislative Message Line. Just leave the message below for your legislators and their Leadership Team with the receptionist.

We need hundreds of calls. Please call and encourage others to do the same. For more on our 10-year gambling court case, regarding "Historical Racing" slot machines, go to: thegamblingscam.com

Please make a new call - ASAP!
