

Dear Friend,

Senate Bill 83: The Medical and Ethics Diversity Act - protects the rights of conscience of medical professionals so they are *NOT* forced into doing a procedure that is against their conscience (Like an abortion, human cloning, etc.) Senate Bill 83 is like a “religious freedom bill” for medical professionals and medical students.

Senate Bill 97: The Parents’ Rights Protection Act - protects parents from state bureaucrats or other professionals who demand they do for their child what they believe is wrong. This bill would continue to allow a court to get involved but, for that, it demands “strict scrutiny” – the highest level of judicial restraint possible.

House Bill 91: The KY Pro-Life Constitutional Amendment - makes the state constitution affirm that it does not secure or protect a right to abortion or funding of abortion. (*HB 91 passed the House so it is now in the Senate along with SB 83 and SB 97.*)

Please make the call early this week!

Call the toll-free Legislative Message Line (**800-372-7181**). Leave a message with the operator. Just say to the operator:

“Please tell my Senator to

Please pass SB 83: The Medical and Ethics Diversity Act, SB 97: The Parents’ Rights Protection Act and HB 91: The Pro-Life Constitutional Amendment.”

And then say, “Please copy this message to Sen. Robert Stivers, Sen. Mike Wilson & Sen. David Givens.” (Key Senate leaders.)

Just pray and call. Husbands and wives should **BOTH** call. The Legislative Message Line is open 7:00 am to 9:00 pm EST Mon thru Thurs. It closes on Fridays at 6:00 pm EST.
